

# THE FAMOUS ALCO

6 cyl., 60 horse power touring Alco.

The Anti-Fatigue car,  
winner of the vanderbilt  
Cup and the acme of  
perfection in Automobile  
construction.

4 cyl., 40 horse power touring Alco.

The Alco is without doubt the greatest car on the market today, representing as it does, the highest points of excellence of both the French and American machines. In durability it has no superior, and has stood some of the most severe speed tests in a highly satisfactory manner. In hill climbing or negotiating rough roads or country the Alco has no equal, making it a highly desirable car for the Hawaiian Islands in general. The Alco may be had in sixty, forty, twenty-two or sixteen horse power. A Six-Cylinder, sixty horse-power car is now on exhibition. Ask for a free demonstration.

## HINDUS ARE NOT WANTED

WASHINGTON, August 16.—The Department of Commerce and Labor has received a strong protest from the Pacific Coast Exclusion League complaining that the rapid and increasing flow of East Indian immigration to California, Oregon, and Washington is a menace to American labor, and that great injury to industrial conditions in those and other Western States will ensue unless something is done to stop the incoming hordes of Hindus.

The department was notified that four hundred Hindus had sailed from Calcutta for San Francisco yesterday, and that a week ago two hundred others sailed from that port, making a total of six hundred in one week. The Exclusion League asks that all lawful means be resorted to, to keep back the migrants, and is preparing to take their complaint to congress at its next session.

### NO REORGANIZATION

SAYS SPEAKER CANNON.  
CHICAGO, August 16.—Joseph G. Cannon, Speaker of the house of representatives, said in an address delivered here last night, that he would be a candidate for reelection as Speaker. He said also that he did not think President Taft contemplated any such reorganization of the party as would bring about Secretary Ballinger's resignation or his, Cannon's elimination.

### CALIFORNIA MAY ISSUE

BONDS FOR EXPOSITION.  
SACRAMENTO, August 16.—Governor Gillett will probably call an extra session of the legislature in order that an act providing for an issue of bonds by the State to raise funds to finance the proposed Panama exposition may be considered. He will decide tomorrow.

### DOUMA PRESIDENT

A PRISONER.  
ST. PETERSBURG, August 4.—Alexander Guickhoff, who temporarily resigned his functions as President of the Imperial Douma in order to serve a sentence of four weeks' imprisonment for fighting a duel with Count Uvaroff, a rival leader in Parliament, began his term in the Fortress of St. Peter and Paul today. In the duel, which was fought November 30th, M.

Guickhoff, then a private member of the Douma, wounded Count Uvaroff slightly in the shoulder.

## FOUL MURDER IN HAMAKUA

A dastardly murder was committed on Aug. 1, between Kukuhihaele and Honokaa. Espriton Laham shot Eugenio Maranda, putting four bullets around his head. One penetrated right through the neck about his chin. Maranda lived eleven hours in this condition. Every attention was given to the sufferer, but death came to his relief at 8:30 on Aug. 2.

H. S. Overend, as usual, did good work with his force, capturing the murderer three miles above in the woods, where he showed fight. H. S. Overend took a few of the citizens along with him on the search. They told off in open file. M. S. Botelho and J. S. Rickard ran across his trail, when he showed fight. But M. S. Botelho had the advantage of long range, and the murderer gave himself up. Too much cannot be said in praise of our deputy sheriff for the efficient manner in which he handled the case. Just such men as he are badly needed with this new imported labor.

Francisco Rey, Porto Rican, stabbed a man at Pepekeo and was captured at Kukuhihaele by the Hamakua police.—Kohala Midget.

### BAD FILIPINOS.

Hamakua seems to have got an extraordinarily unruly lot of Filipinos; almost every week we hear of a cutting affray, or a robbery. The Hilo jailors have hard work keeping the Filipino prisoners behind the bars. Kohala has had better luck with Filipino laborers. We seem to have a more peaceable lot. There have been no serious assaults in this district, and very little stealing. The writer has been teaching from twenty to thirty of them in a night school for three months, and a more gentlemanly or better behaved lot of fellows he would not ask.—Kohala Midget.

### KILLED BY PREACHER.

EL PASO (Tex.), August 3.—As a result of a family feud Joe Henson, a mountaineer, living near Wood, N. M., was shot and killed by Rev. W. R. Wright, a Baptist minister of Alamogordo. Monday night, according to word was received here yesterday, ev. Mr. Wright was placed under arrest.

### CHAMBERLAIN'S COLIC, CHOLE-RA AND DIARRHOEA REMEDY.

There is probably no medicine made that is relied upon with more implicit confidence than Chamberlain's Colic, Cholera and Diarrhoea Remedy. During the third of a century in which it has been in use, people have learned that it is the one remedy that never fails. For pain in the stomach, diarrhoea or infantile cholera, this remedy has no equal. It has been used in many serious and dangerous cases and has never been known to fail. When reduced with water and sweetened it is pleasant to take. For sale by all dealers, Benson, Smith & Co., agents for Hawaii.

### MAINE MAN CHOSEN TO HEAD PYTHIAN KNIGHTS.

MILWAUKEE, August 4.—Two events today occupied the attention of the Knights of Pythias Grand Encampment and Supreme Lodge Convention—the election of officers and the competition drill. Vice-Chancellor George M. Hanson of Maine was elected to the Supreme Chancellorship. At the conclusion of four ballots for supreme vice-chancellor Thomas J. Carling of Macon, Ga., was elected. J. W. Spearing of Louisiana was elected supreme prelate.

### URGES A COINAGE OF A TWO AND A HALF CENT PIECE.

NEW YORK, August 4.—The coinage of a 2 1-2 cent piece by the Government is urged in a statement given out here by William H. Short, a New York banker, who declares that the use of such a coin would mean a saving of \$30,000,000 yearly to consumers. "The absence of such coinage," he says, "has resulted in the universal custom of the sellers taking the half cent whenever a transaction does not result in even money."
